Periscopes

" Monoblock or Two Piece "

Optical Material	Glass, Acrylic
Ballistic Protection	Level 3 - STANAG 4569
De-misting heating	450 W/m ² , 24m VDC, Window Heating
Environmental Test	MIL - STD - 810 (High & Low Temperature Solar Radiation, Humidity, Vibration, Temperature Shock, Freeze)

Ultra-Clear Peripheral View

- Unique Top Visual Clarity
- Bubble-Porosity Free Assembly
- Anti-Fog/Anti-Mist/Anti-Delamination

Superior Ballistic Performance

- Level 3 Ballistic Protection according to **STANAG 4569**

Advanced Laser Protection

- Laser Filtering** for Various Wavelengths
 - 840nm OD 4, 905 nm OD 5, 1064 nm OD 6
- Prevents eye injuries

Integrated Window Heating

- Works with 24VDC
- 450 W/m² Heating Capacity**
- Integrated to Both Upper and Lower Windows
- C8-33PW Electrical Connector**
- Other Connectors Can Be Adapted IAW **MIL-DTL- 62422**
- Heating Feature Can Be Cancelled If Requested

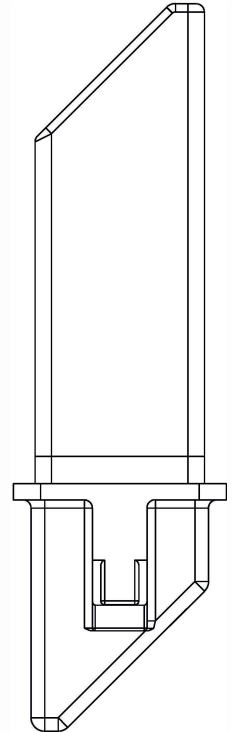

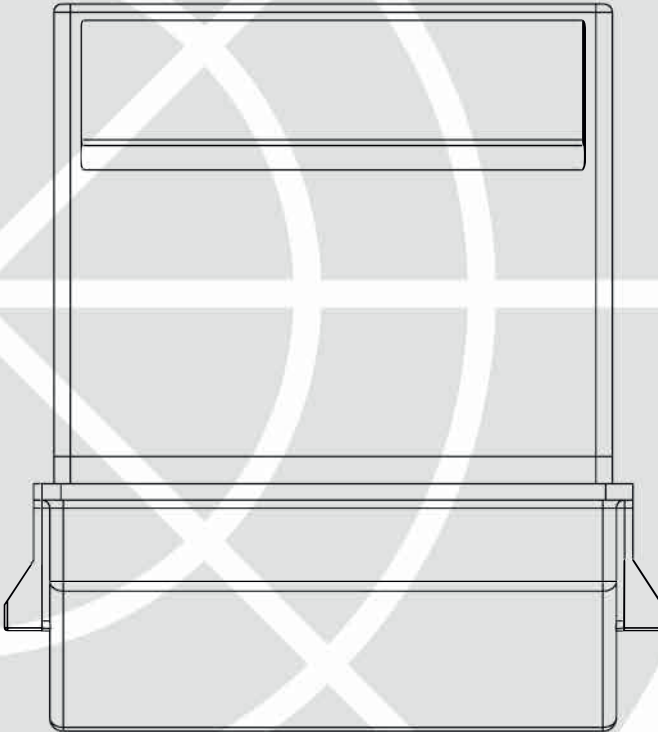

Incredible Robustness

- Unmatched Structural Integrity
- Maintenance Free
- Can withstand:
 - Shocks up to 10G** for 6,0ms and **500G** for 0,5ms
 - Vibration up to 1,5G @ 60-400 Hz** **1,0G @ 400-2000 Hz**
 - High pressure water** jet cleaning and dust
